Please describe any other physical limitations or special needs you may have for the weekend:					
•		•	•		
The Via de Cristo is an intense three-day religious experience which utilized group techniques to bring the					
candidate into renewed fellowship with fellow Christians, their church and Christ. It can be physically and					
emotionally tiring. If you are experiencing a physical infirmity or an emotional problem for which you are receiving					
treatment, the Via de Cristo may not be for you. Please consider carefully before submitting this application.					
Discuss this with your spouse and sponsor. If you find you cannot attend the weekend for which you have made					
application, please advise your sponsor as soon as possible.
